

NEW RANGER

www.ford.co.za

THE NEXT-GENERATION RANGER.

Strategically placed cameras. Ultrasonic sensors. Sophisticated radar. The new **RANGER** utilises them all to help keep you safer and in control.

Adaptive Cruise Control scans the road ahead and adjusts to the flow of traffic. Simply set your cruising speed. Your **RANGER** slows down when traffic does, and returns to your preset speed when traffic clears.

Stick to the speed limit with the Adjustable Speed Limiter. Set a maximum speed, and the system ensures you don't exceed it. Need to overtake a slow vehicle? Override the system by pressing the accelerator to the floor.

If your **RANGER** detects a possible collision, the Collision Warning Alert lets out a chime, flashes a heads-up display on the windscreen, and preloads the brakes for enhanced stopping power.

Lane Departure Warning alerts you by vibrating the steering wheel if you unintentionally move out of the lane. If you don't react, the Lane Keeping Aid applies steering torque to get you back on track.

COMFORT OUT OF YOUR COMFORT ZONE.

The interiors of the next-generation **RANGERS** are durable, spacious, and have been crafted to reduce noise and vibration. Throw in leather seats*, seven airbags and a centre console, and you get a **RANGER** that's more comfortable, more functional, and helps keep you safer than ever.

*Leather seats are a combination of leather and high-quality, durable materials.

A dual TFT instrument cluster displays all types of vehicle information – from infotainment to performance – on a low-glare, high-quality flat screen.

Features differ per derivative. See specification sheet. Contact your local Dealer, as certain **RANGER XLT** and **WILDTRAK** vehicles with SYNC®2 are still available. Navigation standard on all **XLT** and **WILDTRAK** derivatives commencing April 2017 production. All derivatives built prior to April 2017 production will not have navigation.

Hello. Goodbye. Enjoy the ride. The new **RANGER**'s interior lighting system illuminates to welcome you when you enter the vehicle, and helps you see more when you exit. You can also choose between seven ambient lighting colours that automatically switch on at night.

Built tough. Built safe. Seven airbags – including side and curtain airbags – along with a reinforced safety cell help make every journey a safer one.

Features differ per derivative. See specification sheet.

MAKE LIGHT WORK OF BIG CHALLENGES.

The new **RANGER**'s ultra-high-strength chassis, torque-heavy engines and superior suspension will help you tow, haul and move with ease.

The new **RANGER** has been torture-tested in the real world to backbreaking extremes in the toughest climates and terrains. Combining an ultra-high-strength steel chassis with superior suspension design, it delivers a stronger, smoother ride. With its unbeatable 3 500kg towing capability, Trailer Sway Control and a payload capacity of up to 1 198kg, the new **RANGER** is tough enough for you to haul the most backbreaking of loads with greater confidence.

See more at night when loading or unloading with the new **RANGER's** loadbox working light.

BRAINS MEET BRAWN.

Packed with Ford's most ingenious technologies, the **RANGER** has set a new benchmark in the tough bakkie category.

Do more. Wherever the job finds you. The new **RANGER's** 230V power inverter lets you power electrical equipment, even in the middle of nowhere.

Auto headlamps detect the changes in the natural light and turn on and off automatically.

Check individual pressure in each tyre with the Tyre Pressure Monitoring System. Not only will you be notified if any tyre's pressure is low, but the system will also tell you how low.

Features differ per derivative. See specification sheet.

The new **RANGER** combines a rear-view with front and rear parking sensors, so you can park in any type of space with greater confidence.

Features differ per derivative. See specification sheet.

MAKE IT YOURS.

Complementing the **RANGER's** stylish design, and satisfying your personal taste, is a range of attractive colours.
